IMPORTANT INSTRUCTIONS

Even **before entering Germany**, you must carry out a **digital registration on entry** if you have spent time in a risk area within the ten days prior to your entry. Please enter information on the places you stayed over the previous ten days via the www.einreiseanmeldung.de website. After filling in all of the necessary information, you will receive a PDF file as confirmation.

Please note the **special rules** that apply to entry into Germany after spending time in an **area that involve a particularly high risk of infection**. Travellers from these areas must already get tested before **starting their journey** and present a negative SARS-Cov-2 test result. This proof may also be demanded by the Federal Police when passing through entry control in Germany.

Persons who have spent time within the 10 days prior to entry in a risk area which the Federal Ministry of Health has determined to pose a particularly high risk of infection with the SARS-CoV-2 coronavirus must be carrying with them, upon entry, the proof of a negative test result and must, upon request, present such proof to the competent authority.

Proof of a negative test result may be provided in the form of a medical certificate or test result which indicates that the person concerned is not infected with the SARS-CoV-2 coronavirus. The proof is to be provided in paper or electronic form in either English, French or German. The nasopharyngeal swab on which the medical certificate or test result is based must have been taken within **48 hours prior to entry**.
